# Product features

## Rollz Motion<sup>2</sup>

### Stylish

Award winning Dutch design rollator and wheelchair in one, for going out in style.

### Safe

Innovative drum brakes, suitable to wet and dry conditions.

### Convenient

Rest on a comfortable cushioned seat or transform the rollator into a wheelchair.

### Easy aid

Cross doorsteps and curbs easily with the curb assistant.

### Stable

Walk tall and steadily between the ergonomic hand grips that are adjustable in height.

### Compact

The Rollz Motion is easily foldable into a compact package that fits in almost any car.

### Comfortable

The large rear wheels with soft tires and foam handles ensure a comfortable walk.

### Maneuverable

Light steering and easy motion with the maneuverable front wheels.

# With a flick of the wrist

You can easily transform the Rollz Motion rollator into a wheelchair and back again. This will give you confidence to go further and rest along the way, while enjoying a day out with your family or friends.

performance

[www.rollz.com](http://www.rollz.com)

“Now I dare to walk longer with the rollator because I know that when I become tired, I can rest in the wheelchair on the go.”

**rollz** motion

“I was looking for a rollator that does not look like one. Walking out and about just feels good now, and this one is so easy to maneuver!”

rollz flex

# On the go with Rollz Flex

## Design rollator with large bag

At first glance, it does not appear to be a walking aid. This was exactly the intention of the designers, to create an enjoyable design for going outdoors.

This rollator maneuvers easily and you can walk stable and comfortable, while the bag carries your groceries.

# Product features

## Rollz Flex

### Stylish

Fully certified rollator with the look of a designer shopper.

### Flexible

Easy adjustable handlebar for different heights.

### Practical

The large water-resistant bag can carry up to 20 kg. Includes removable inner bag.

### Comfortable

Comfortable ride thanks to the soft tires.

### Maneuverable

Light steering and easy motion due to the innovative front wheels.

### Safe

Safe drum braking in any weather conditions. The brake cables are concealed within the frame.

### Convenient

Rest on the leather look seat while having the handlebar as a supportive backrest.

### Easy aid

Go over doorsteps and curbs easily with the curb assistant.

### Light and compact

The Rollz Flex weighs only 7.4 kg and is easily foldable into a compact package.

# Maneuverable

You can easily maneuver anywhere, even in between obstacles. The front and rear wheels are set close to each other, and this way your rollator rotates close around you. It allows you to turn smoothly in a narrow space.

If you make a turn, the wheels do not get in the way. You can step aside easily and take something out of a closet or rack. The Rollz Flex functions the same even when the bag is loaded to its capacity.

With ease you can go up and down the curbs with the help of the curb assistant.

# Rollz Flex matt black

## Stylish

Fully certified rollator with the look of a designer shopper.

## Safe

Safe drum braking in any weather conditions. The brake cables are concealed within the frame.

## Practical

The large water-resistant bag can carry up to 20 kg. Includes removable inner bag.

## Smaller risk

The rear wheels are less far to the rear, which reduces the risk of tripping.

## Maneuverable

Light steering and easy motion due to its small turning cycle.

## Walk tall

Easy adjustable handlebar for different heights. Thanks to the forward-facing handles you can walk tall.

## Convenient

Rest on the leather look seat while having the handlebar as a supportive backrest.

## Easy aid

Go over doorsteps and curbs easily with the curb assistant.

## Light and compact

The Rollz Flex weighs only 7.4 kg and is easily foldable into a compact package.

### **Rollz Motion travel cover**

Due to the unique design of the Rollz travel cover, both the Rollz Motion and the wheelchair package are incorporated into one compact package. Using the travel cover will help preventing damages.

### **Rollz Motion shopper**

This stylish and functional shopping bag can be clicked onto the Rollz Motion frame. You can put your shoppings directly in the shopper and take it along, so you won't have to carry a shopping bag.

### **Rollz Motion cup holder**

The Rollz cup holder is very easy to use. Thanks to the sliding system, the holder can be placed into the desired position quickly, enabling the user to take a water bottle along.

### **Rollz Motion 3-in-1 wheelchair package holder**

With these holders you can also hang your transport chair package over the seat. This gives you more depth and freedom of movement. A cane and shopping bag holder are integrated.

### Rollz Motion back support

Out on your own and left the wheelchair package at home? This back support offers you a short rest, while leaning against the soft strap.

### Rollz Motion footrests in different heights

Choose the footrest size that suits you for even more comfort. The small version is 5 cm shorter than the regular size. The large version is 5 cm longer.

### Rollz Flexcane holder

The cane holder attaches to the handlebar and stays there. The corresponding part has been designed to fit almost any walking stick.

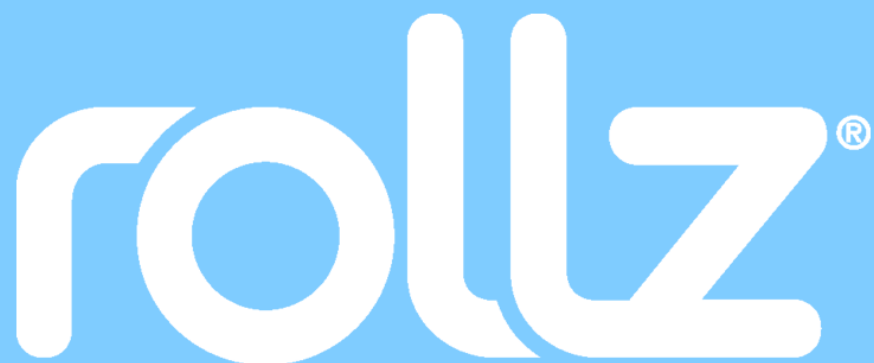

### Rollz Flexshopping hooks

If you go shopping, this set of hooks offers the possibility to carry along another shopping bag.
